A comment has been posted on your blog titled "News" and needs moderation.

"Please do not behave as irresponsibly as other municipalities and make masks mandatory. I dnt need to be a supposed dr that hinshaw thinks she is to see that masks have created the supposed numbers to rise, not that i believe their numbers. Never has the govt or people in power done a thing in the past to earn my trust or respect so I beg someone to give me one valid reason why i shud belueve them on this? Honestly if they told me the sky was blue I wud look as comoared to believe them. I do NOT support tyrning our country into a communist controlled one and tgat us the road they are teavelling and everyone us allowing it to happen. "
