Yes	No		If onoway were to make this bylaw I would stop frequenting businesses in onoway. Speaking with my wallet, I would say that I am not interested with this government overreach of authority and disinterest in upholding the canadian charter of rights and freedoms based on an overreaction to a bad cold that happened in	6 February.	No					No			Other (please specify)	No. It's not like the masks do any good anyway. I mean unless you want to asphyxiate yourself. If they can't stop germs coming in, he would they stop germs going out? Especially now that the CDC says that the 'rona doesn't even need 'droplets' to be spread. Yes	No	6	10		They are regulars by appointment only, and I know them personally.	No	No, never.			No			Other (please specify)	Zero areas should be mandatory masks. Masking should be voluntary.		No	\$0! Officers have better things to do with their time than making sure everyone is wearing a bandaid. Masks have an incredible impact on human friendliness. Enforcing masks turns friends against friends, and during these times, we NEED a non-judgmental community.	\$0!!! NEVER fine someone for taking care of their own health in the best way that they deem possible, based on the government's RECOMMENDATION. We are each looking out for each other's mental and physical health anyways. If you make masks mandatory, you open a can of worms which allow businesses to refuse service and discriminate against people with disabilities just because they are not wearing a mask. That is incredibly horrible, and as a nation, we do not allow discrimination against any differences. Making masks mandatory gives immense opportunity for discrimination.	\$0!!! These fines should not be enforced. Too many people have mental illness, and mandatory masks INCREASE anxiety and mental illness. Adding more anxiety attacks etc. to a person's daily life. I know too many people who are afraid of judgmental glances, so they wear a mask at the risk of anxiety attacks, asthma, and other health problems because masks are mandatory in other places. Please do NOT increase the social pressures on
