

Committee Report: Bob Winterford November 2022

1) Yellowhead Library Board

October 31st: Letter from Municipal Affairs Minister

2) FCM/GMF Governance workshop

Discussion on capital funding to help municipalities improve on emissions, air, water, land and greenhouse gas emission reduction.

Funding is available for various environmental improvements, however my view is that is a long line of municipalities fighting for limited dollars so the requirements would need to be flushed out with a comprehensive plan and a great amount of detail. What's required here once a need is found is a grant writer.

November 2nd, Zoom meeting

3) ODCC (Onoway and District Chamber of Commerce)

November 8th: Heritage Centre Business Open House 1pm-3pm

4) Interagency Meeting (conflicted with Council) NOV 10th

Minutes regarding AHS Webinars attached

5) Yellowhead Public Library workshops Nov 21/22.23 and again Dec 6 and 7th

These are two hour training sessions. The information gleaned from these webinars is then shared and actioned through our local Library Board. Attached Onoway Library is currently working on its budget.

AS PREVIOUSLY MENTIONED I WILL BE UNAVAILABLE
FOR COUNCIL ON NOV 24th.
THANK YOU!
